

Test Closure Report

1. Project Overview

- **Project Name:** Amazon Manual Testing
- **Testing Period:** 12/10/25 to 12/10/25
- **Tester:** Karthikeyan AC

2. Test Summary

- **Total Test Cases:** 119
- **Passed:** 119
- **Failed:** 0
- **Blocked:** 0
- **Defects Found:** 0

3. Defect Summary

- **Total Defects Logged:** 0
- **Defects Fixed:** N/A (Defect fixing out of project scope)
- **Outstanding Defects:** 0

4. Test Execution Details

- **Test Cycles Completed:** 1

□ **Retests Conducted:** N/A

5. Key Findings and Recommendations

- **Key Findings:**
 - All tested functionalities met the expected behavior .
 - No defects were identified during testing
- **Recommendations:**
 - Continue to monitor for potential edge cases and unexpected behaviors in production.
 - Expand test coverage to include performance and load testing in future iterations. □
Include accessibility testing to ensure compliance with WCAG standards.
